Silverton Consulting announces new StorInt™ Dispatch service

2007.07.16

Broomfield, Colo. – Ray Lucchesi, President of Silverton Consulting (<http://www.silvertonconsulting.com>) announces the availability of a new Storage Intelligence (StorInt™) Service for both storage vendors and end-users summarizing the latest product announcements from major storage vendors. The first two StorInt™ Dispatches on IBM's July 10th Tape System and EMC's July 16th Platform announcements are available for free download for a limited time on website.

On July 10th IBM's announced new features for their TS7700 and TS3400 tape systems. The IBM070710 StorInt™ Dispatch reviews Tape System feature enhancements and provides a view on the announcements significance. On July 16th EMC released details on their new platforms and platform features for Symmetrix, Cellerra, Clariion, Centerra, and Rainfinity product lines. The EMC070716 StorInt™ Dispatch describes the latest Symmetrix and reviews the other platform announcements providing a discussion on the importance of the announcement.

ABOUT Silverton Consulting, Inc. - Silverton Consulting is a Storage, Strategy & Systems consulting company, based in Colorado, offering products and services to the data storage community.
